Yes, all this is one person - Lyudmila Shimbaleva. A person who is proud of her family name, her business, her teachers and colleagues and who loves to help others.

Lyudmila Mikhailovna is a very active, energetic, passionate, energetic person, with more than one creative project behind her, and a considerable social burden.

One of the audience's questions was related to the motivation for the guest's multifaceted activities. Lyudmila Mikhailovna identified two main motivators: this is, of course, love for the work you do and, attention, the answer is not trivial - the family name! Responsibility and pride for the family name you bear! A position worthy of respect.

By the nature of her work, Lyudmila Shimbaleva was acquainted with the most interesting people in the field of culture and art. With gratitude and the greatest respect, Lyudmila Mikhailovna remembered Alexander Alekseevich Rybalchenko and Gavriil Kharitonovich Vashchenko. She

culture of the Gomel region to be her teachers not only in their profession, but also in life.

Many questions from the audience were related to the activities of the G.Kh. Vashchenko art gallery, an institution that has been headed by Lyudmila Shimbaleva since 2007.

"The first thing we did was change the work schedule: seven days a week and with extended working hours. I had a clear conviction that a person should be able to come to us whenever it is convenient for him.
" "Today we also have for visitors: on Monday - "Dzen padzyaki", when the visitor himself determines the cost of the entrance ticket, on "Cultural Friday" the cost of the ticket is only one ruble. There are also family tickets, holiday promotions, for example, on a birthday – admission is free, etc.

The art gallery, as well as its director, are open to cooperation, this was the message to the audience, and it received a response. Some young people were interested, talked to Lyudmila Mikhailovna after the event.

As we promised, the conversation was interesting, educational and emotional!
