On-line shop of paintings

The site Hudognik.net is not just an online store of paintings of artists, but a platform for the sale and purchase of oil paintings (marketplace) and other art objects, which involves the independent placement and sale of paintings by artists, their works by sculptors, and masters of other arts.

Our portal is conceived and implemented as a free platform, where there are no restrictions for creative people who can freely post any work (after having been preliminarily checked by the moderator), or for buyers whose choice is not limited to the framework of techniques, genres and styles.

We offer our service as a link between artists and connoisseurs of painting, helping one to find recognition of their talent, and to others - to choose and buy a painting. In our online store we are happy to see all fans of fine art and are ready to help everyone realize their desire for beauty.

Accommodation is free of charge, in unlimited quantities.

The Internet store retains its commission upon the fact of commissioning the order, in the amount established by the author of the work independently.

Advantages of buying paintings in the online store Hudognik.net

The art portal, where you can buy oil paintings, sculpture, graphics, watercolors and other works of contemporary artists, is, in fact, a democratic and free place for meetings of creators and their audience. The Internet site serves as a successful and convenient alternative to traditional galleries and art shops.

1. On the site there is a flexible functional of a **safe transaction (/eng/Secure_Transaction/)** (alternative order), for making a step-by-step process of buying / selling paintings in an online store, with the

Sign in

possibility of agreeing the cost of work between the buyer and the seller. The site administration serves as a guarantor of observance of obligations by both parties of the transaction.

2. For buyers and customers there is an opportunity to offer the price to the author of the work they liked, and there is a chance that he will agree! ;-)

3. The ability to quickly order several jobs at once and at the same time several authors, to save your time!

4. A wide selection and accurate search in the gallery (/eng/gallery/) of art objects. On our pages, visual art is represented in all the diversity of styles, genres and techniques. You will not be difficult to pick up linens for the interior, and we are sure that among the thousands of exhibits we have there are those that will certainly affect the strings of your soul.

5. Minimum markup of the service. Paintings are sold by artists almost at the prices that they themselves designate for their works. We just provide a platform for their work and carry out communicative and guarantee functions.

6. We expand the geographical opportunities of creators and admirers of fine art. The artist, for example, can live in Minsk, St. Petersburg or Ukraine, and the buyer of the painting - in Moscow, Samara or Yekaterinburg, and possibly in the US ... and our portal allows them to meet.

7. All artists and sculptors undergo a manual check by the moderator of the portal before posting works on the site, which guarantees the buyer a certain quality of workmanship performed for sale.

8. We offer for sale paintings of artists who have already received fame and recognition, as well as the work of beginning painters, whose glory is yet to come. With us, you can make a profitable transaction by investing your funds in art, as the paintings of young masters are offered at a very low price, but who knows how much they will cost in 10-20 years ... :)

If you are looking for a convenient and safe resource where you can sell paintings or buy works of contemporary authors - welcome to Hudognik.net!

If you are an artist or a sculptor

Today it is not necessary to live in Moscow, St. Petersburg or other metropolitan cities in order to be a successful and famous painter, because you can sell the painting through the Internet anywhere in the world. The only requirement that we impose on the authors of works is the availability of artistic talent and sufficient degree of mastery. You are not limited in the choice of subjects of your works, styles and genres, because for us all the directions of creativity are good. Of course, we carry out preliminary moderation of works in order to prevent the sale of paintings by low-level painters, we hope for your understanding!

Register (/eng/register/) on our portal to get an opportunity to offer your paintings to connoisseurs of painting. Take pictures of the canvases and process the photo in accordance with the rules, then upload them to the site, in your personal office everything is quite simple and convenient. We draw your attention to the fact that you assign the price of your work, but the buyer can come up with a counter offer, which you can either accept or reject, at your discretion. Cooperation with us will guarantee a decent payment for your work and talent, and for a beginner master of painting - an excellent chance to gain fame.
