as a policeman of the patrol and post service of the police. For three years, Andrei served in the protection of public order in the Pervomaisky district of the capital.

The competent, conscientious, proactive employee was noticed by the regiment command. Andrei became an inspector, then a senior inspector of the personnel group.

Experience, knowledge, high demands and integrity, fairness and humanity - all these qualities are inherent in Andrei Bas. During his service in the regiment, he earned well-deserved authority and respect both among the command and among the personnel of the regiment. Andrei Antonovich trained many worthy employees.

Andrei Bas was awarded the medal "90 Years of the Police of Belarus" for exemplary service, the badges "For Distinguished Service", "For Distinguished Service" of the 2nd degree, and was repeatedly encouraged by both the head of the Main Directorate of Internal Affairs and the Minister of Internal Affairs. And in January of this year, Andrei was awarded the qualification of "Specialist of the 1st class".

The leadership of the regiment is grateful to the Vileika land for its son. Young police officers look up to such employees, citizens trust them, and any leader, knowing that he has such subordinates in his arsenal, is confident that the protection of citizens and property will be ensured at a high level.
