“I am very proud to represent the Soligorsk region at the All-Russian People’s Assembly and I thank the deputies of the Minsk region for electing me as a delegate.

This is a very responsible mission, and at the same time, an honorable one. The most important documents will be adopted at the All-Russian People's Assembly: the National Security Concept and the Military Doctrine; the program of social and economic development of our country will be approved, which is very important today in our time. I would like to note that, as the head of an educational institution, it is very important for me to look into the carefree, cheerful, happy eyes of our children and, of course, the national security of our country is the most important thing today. Only together, only jointly can we achieve results, and, perhaps, today time has chosen us! "
