We value the trust that you place in ASICS by sharing your personal data with us and we are committed to handling your personal data in a way that is fair and worthy of that trust. Therefore, please keep in mind that when you visit our website, we and third parties may store or retrieve information on your browser, mostly in the form of cookies. You can learn more about the cookies that we place and change your cookie settings per category by clicking on the categories on the left. Please note that your settings do not automatically apply to all ASICS websites you visit, and you must set your choices on each browser and device you use. You can change your settings at any time by returning to this site and clicking the link for Cookie Settings. For more information on how we process your personal data, including via the use of cookies, we encourage you to read our [Privacy Policy](https://runkeeper.com/cms/privacy-policies/) and [Cookie Policy.](https://runkeeper.com/cms/cookie-policy/)

[More information](https://cookiepedia.co.uk/giving-consent-to-cookies)

These cookies are essential for the website to function properly and are therefore set to “always active”. They are often set in response to actions made by you which amount to a request for services, such as setting your (privacy) preferences, remembering items in your shopping cart, logging in or completing forms.

These cookies measure and analyse the use of our website, in order for us to measure and improve the impact of our website. For example, the cookies allow us to measure and analyse our website audience on specific pages and they help us to determine which pages are the most and least popular. The cookies show how often visitors open communications that we place on our website and how visitors move around the website.

These cookies allow us to make your user experience more personal and to recommend certain products. We do this, among other things, based on your behavior on the ASICS website across the various devices you use. Furthermore, these cookies collect information to tailor advertising to your interest. They can be set by us or by our advertising partners. They may be used to build a profile of your interests and show you relevant advertising on our websites or on other websites. The Social Media cookies offer the possibility to connect you to your social networks (Facebook, Twitter, Instagram, YouTube and LinkedIn) and to share content from our website through social media. If you do not allow these cookies, you will experience less targeted advertising.
